

Who We Are:

For the past 10 years Marjen has been performing information technology consulting and grant writing activities that focus on capture management.

Our Value to Clients:

Simply said... Marjen improves your ability to capture more grants!

We reduce the time required to identify and respond to grant offers, enabling you to respond to and capture more grants.

We reduce the cost required to respond to grant offers, enabling you to use more of your resources to capture additional grants.

Working with Marjen results in more resources for you to pursue your mission.

Past & Present Clients

BROWARD HEALTH

Our Services

● Technical Grant Writing

Let us present your message using methods that have proven time and again to be compelling to grant offerors!

● IT Consulting & Implementation

Experienced professionals that have been providing IT design, implementation, and management services for years!

● Web Development Services

Content rich, functional web sites at a fraction of the cost!
